

# Apostles Lutheran Preschool

## October 13 - 15, 2009

The theme this week was "Family and Address." We learn the importance of knowing our first and our last names. We also discuss how we have to know mom and dad's name also. We continued learning other important information we need to know if we get lost. Some of that information being the street, city and state that we live in. We made houses and talked about who lives in the house and what street it was on in Billings or Worden, MT. We will continue to work on the information throughout the year. A great way to help your child learn is to show them their street sign and the numbers on their house!

"X" was the letter of the week. Not too many words start with x, but we enjoyed doing the letter song with the x sound. The morning class made breadstick "X's" on Wednesday for snack.

The Bible lesson this week introduces us to Moses. We hear how God's people live in Egypt and Pharaoh is not very nice to them. Ask what Pharaoh said they had to do with their babies. Then ask how Moses' mother trusted God to protect him. We will hear next week the wonderful plan God has for Moses. The Bible treasure - "I am with you always."

### Pumpkin Night

Please mark your calendar for a fun filled night.

Thursday, October 29

6:30 p.m.

We will have a child's devotion, the preschool will sing, we will decorate pumpkins and then go trunk or treating.

If your child would like to wear a costume we ask that they be appropriate for church. (ex. no witches, devils, demons, etc.)

Telephone number  
Please let Mrs. Scott know what number you would like her to work on with your child. With many families having several cell phones and home phones it is hard to know which you would feel would be most important for them to know! Thank you!

Reminder - Tuition is Due
