

# Apostles Lutheran Preschool

## December 1 - 3, 2009

**CAUTION**

**Music is in the air this week in preschool!**

**This week we have learned about different music instruments and played songs and rhythms. The children especially enjoyed work time when they could play whatever instrument for as long as loud as they wanted. We even made instruments. Tuesday everyone made kazoos and then used them with the story of Jericho during Bible time.**

**Wednesday we did musical art on paper plates and then made tambourines.**

**If you have been in the classroom you can see that Christmas is in the air. We have many centers with trees to paint, count, cut and match shapes on. We have a tree to decorate and undecorate and much more. Ask your child what new center they enjoyed.**

**The Bible lesson this week was how God used His power to help His people win Jericho. Ask your child what they did to make the walls fall down. Bible treasure - "Nothing is too hard for God."**

**Parents just a note of caution...**

**As the weather gets colder we may be tempted to leave our cars running while we drop off or pick up our children. Please be sure to lock your car and have an extra set of keys if you do. Last year we and several other schools in the area had purses stolen during these times. Please help us all keep an eye out for each other. Thank you!!!**

**Dates to Remember**

**Saturday, Dec. 5 - Practice**

**1:00 -2:00**

**Saturday, Dec. 12 -**

**Christmas for Kids**
