September 13 - 15, 2011

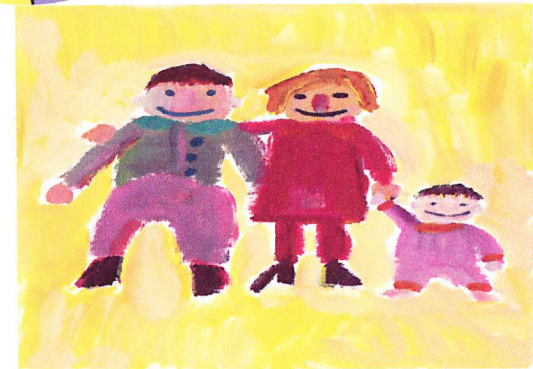

Grandparent's Day
Thank you to all the
Grandparents who were able
to join us for snack, play
outside and listen to
storytime.

The children continue to amaze us with how fast they have caught on to the classroom routine. We reviewed our rules, manners and had a practice fire drill and they did an excellent job with everything. We made a special project for our grandparents and practiced following directions too.

Thursday was a very busy day as we took a nature walk with binoculars we made!!! We checked out Pastor B.'s garden, looked at bugs, and explored the world God made.

In our Bible lesson this week we learned how God made our beautiful world. He did not use a hammer or paints, He used His words and it was good. Ask your child how many days it took for God to make the world and what He did on the seventh day. Our Bible treasure this week - "God made the heavens and the earth."
