

Apostles Lutheran Preschool

January 31 - February 2, 2012

it was an exciting week as we began our study of animals. We began by learning about birds and ocean animals. Some of the facts were all birds have wings, beaks and feathers; and that some fish have to have water to breathe. We also heard how some fish go to school, fly, puff up, and protect their babies. Ask your child how or why to see if they can remember these fun facts. During work time we had several fishing games that not only worked on eye hand coordination, but the alphabet and numbers. The children were also able to fish with nets, paint fish, make two kinds of birds, create an aquarium or make a shark. The best part of the week though was Hawaiian Day. We played beach ball relay, bean bag hat toss, limbo and beach blanket ball. We also carved up and tasted pineapple. Of course we also swam and did the hula!! Aloha! (ask your child what it means)

The letter for the week was "Ww". The upper and lower case letter look the same, sound the same and we sign them the same. We made "Ww" whales Wednesday and had whale crackers for snack.

In the Bible lesson this week Jesus teaches His friends how to fish. Jesus was preaching and got in Peter's boat so that everyone could hear and see Him. Afterward Jesus told Peter to go fishing even though he had fished all night and had caught nothing. When they put their nets in the water they were so full they needed other boats to help them. Jesus then told them to come with Him and be fishers of men. Ask your child what that means, to catch people in nets?(No to follow Jesus and spread His word to catch people's hearts for Him. We too can be fishers of men for Jesus! Bible treasure -"Preach the Word of God !"
